

INTERNATIONALES THEATERINSTITUT

Zentrum Deutschland

Open Call

STUDIO2 RESIDENCY PROGRAMME

STUDIO2 of the International Theatre Institute (ITI) - a work and research space for the independent performing arts in Berlin-Kreuzberg - will offer two residencies from 2022 for individual artists or collective groups of up to 5 artists from the fields of dance, performing arts and performance art (also interdisciplinary) who are at the beginning of their professional career.

The two-week residencies will take place from 17 to 30 July 2022 (Summer Residency) and from 23 October to 5 November 2022 (Autumn Residency) and will enable open artistic research on a self-selected theme.

The proximity of STUDIO2 to the ITI's Media Library for Dance and Theatre and the associated Media Studio offers projects the opportunity to conduct research at the interface of artistic movement practice and the archival preservation of these processes.

A residency includes

- Free use of the 165sqm studio and adjoining spaces within the two-week residency
- Workspace in the Media Library for Dance and Theatre and professional advice on research approaches (approx. 12,000 videos and additional materials)
- Monitoring of the work process on the social media channels of STUDIO2 and the ITI
- Access to the technical equipment available at STUDIO2 including the necessary technical introduction

- Documentation of the public work-in-progress presentation in cooperation with the Media Studio of the ITI (and addition of the documentation to the Media Library)
- Organisational and content-related support as agreed and required

Application to the Summer Residency

- Artistic research concept with a clear question (e.g. reference to the question of artistic documentation processes) on max. 1 Din-A 4 page (approx. 4000 characters)
- Short CV of all applicants

During the residency, a public event should take place that offers insights into the working process. The form of this presentation is up to the artist(s) (adaptations based on the applicable COVID-19 regulations are possibly necessary).

Please send the application for the Summer Residency as a PDF to studio2@iti-germany.de by 28 February 2022 at the latest.

Important

Unfortunately, we are currently unable to offer any financial support in the form of scholarships, reimbursement of travel expenses or accommodation. It is also not possible to live in STUDIO2 or other ITI premises during the residency. However, we are happy to assist in finding accommodation.
